The CCID’s Safety & Security department works closely with the South African Police Service and City Law Enforcement to ensure that we have a safe and secure Central City (the Cape Town CBD). The CCID’s Public Safety Officers are deployed in the CBD 24/7.

Should you be a victim of crime

- Stay calm do not panic.
- Don’t resist – follow all instructions.
- Try to remember the description/characteristics of the attacker.
- Report the crime to the SAPS.

You may encounter aggressive begging in the CBD

This is intimidating behaviour that can make you feel threatened. It can involve verbal abuse or uninvited touching and/or pulling. You may also be followed around persistently despite your having said “NO!”

How to deal with it

- Make eye contact and say “NO, please leave me alone” firmly and clearly.
- If you feel threatened or uncomfortable in any way within the CBD, find a CCID Public Safety Officer and ask for assistance.
- Alternatively, walk into the first open venue and call one of the emergency numbers on this page.

If you are in the CCID area (see map inside) look out for a CCID Public Safety Officer to accompany you to a safe place. For immediate assistance call the CCID 24-hour control centre on 082 415 7127.

If you are not in the CCID area, call SAPS on their toll-free number 10111 or SAPS Cape Town Central on 021 467 8001/2.

Hotel safety

- Never allow strangers into your home, building or place of work (particularly if you live or work alone) before confirming their legitimacy.
- Invest in a good overall security system.
- Decent lighting around the perimeter of your premises is a good deterrent.
- When you leave your home at night leave lights on, as well as your TV or radio, so that your house looks and sounds occupied.
- Lock your door if you are working alone.
- Never disclose to strangers that you are alone in your home or at work.
- Always be alert to vehicles or persons following you into your entrance or parking area.
- Don’t leave firearms unattended.
- Keep a list of emergency numbers next to the telephone. You’ll find a suggested list further on in this brochure.

In your car

- Have your keys ready as you approach your car.
- Always lock your doors.
- Park in well-lit areas at night.
- Keep enough distance between your car and the one in front to enable you to change lanes and drive away in a hurry.
- Don’t give lifts to strangers.
- Look around before entering your driveway.
- Be aware of strangers begging at intersections and avoid giving them money – rather GIVE RESPONSIBLY by donating to a known charity.
- Never open your window when approached by a stranger.
- If you think you are being followed drive to a busy place or a police station.
- Keep your valuables out of sight – ie. Stash it, don’t flash it.
- After you’ve parked your car, make sure it is properly locked before you walk away, to ensure you don’t become a victim of thieves who use “remote jamming” devices.

Attending meetings

- Stay in a group and on lit paths.
- Don’t keep all your money in one pocket.
- Use accredited taxis and cabs.

On the street

- Don’t walk in deserted or dark areas.
- Keep all possessions close to your body and in sight.
- Don’t use your cellphone while walking, and keep it – and your wallet – safely tucked away.
- The use of headphones may distract you from what’s happening around you.
- Plan your route beforehand.
- Avoid the obvious visibility of valuables such as jewellery, cameras, laptops and tablets.
- Don’t carry large sums of money and avoid counting it in the open.
- Tell someone where you are going and when you expect to return.

Out & about

- Don’t leave handbags under tables, on the backs of chairs or on restroom hooks.
- Don’t leave cellphones or wallets on restaurant tables.
- Keep your credit card in sight all the time.
- Don’t leave drinks unattended.

ATMs and banks

- Use ATMs in well-lit and safe places.
- Don’t allow your card to be removed from your sight.
- Don’t accept help from strangers or give out your pin number, not even to persons claiming to be bank officials.
- Watch out for the people standing very close to you and looking over your shoulder as you type in your pin.
- Never leave your card in the ATM. If it gets stuck or swallowed, follow instructions provided on the ATM machine.
- Make sure you are not followed after a transaction.

Give Responsibly

- Don’t give directly to people begging on the street or at traffic intersections. Rather make a real difference by helping the NGOs that help the homeless.
- You can support recognised NGOs by texting the word “GIVE” to 38088 automatically donating to those in the CBD who work with homeless adults and kids.
- For detailed info about this campaign visit www.giveresponsibly.co.za
